We are ending our tour of Europe this month in Greece and Austria! Let your taste buds experience new and exciting flavors!

Kir-Yianni Akakies Sparkling Rosé, Greece

100% Xinomavro

A refreshing sparkling wine highlighting the varietal character of indigenous Xinomavro grape variety. An intense mousse and a bright cherry color, pronounced aromas of ripe strawberry and cherry and an elegant acidity adding freshness while pairing harmoniously with the discrete presence of sugars create a wine that is at the same time dynamic and balanced. If you have never tried a Greek wine before and are a little baffled, trust us... you will love this bubbly!

Loimer Brut Rosé Reserve, Austria

Zweigelt, Pinot Noir, and Sankt Laurent

Brut Rosé Reserve is a blend of Zweigelt, Pinot Noir, and Sankt Laurent from biodynamically-farmed vineyards in Langenlois and Gumpoldskirchen. The wine is made in the traditional method using indigenous yeasts for alcoholic fermentation followed by full malolactic fermentation in stainless-steel tanks. It is aged for eighteen months on the lees in bottle before disgorgement and finished with a low dosage.

Loimer Brut Rosé Reserve shows the red-fruit aromas typical of Zweigelt, Pinot Noir, and Sankt Laurent with notes of fresh strawberries and cherries accented by sweet herbs and flowers. The palate shows firm acidity while 18-months aging on the lees in the bottle provides weight and texture.

This bubbly can be an excellent partner to meatier dark fish such as grilled salmon or seared Ahi tuna. Sushi and sashimi are brilliant pairings as are dishes with root vegetables, mushrooms, and eggplant.
